

## Open Hands and Clean Hearts Before God.

Read through Luke Chapter 6.

Answer the following Questions:

What does it mean to give my all to God?

When I come with open hands do I really and truly believe that He is able to do something with my offering?

Do I give up everything, and mean it, or do I give it and take it back repeatedly?

If I lose everything today, that has any importance in my life, will I still find a way to praise God?

Consider each prompt and then answer the question which follows:

Rolling our cares upon him prepares us to roll them out of our hand, from our responsibility to solve the problems of our life into His.

⇒ What do you need to roll upon the Lord today?

The concept of opened hands and cleaned hearts is a process of preparation for God's entrance into our reality.

⇒ How can you prepare for his entrance into your reality today?

With my hands open, I am ready to both release and receive.

⇒ Do you think that releasing what you have is worth the risk of what God has to give?

Remember this as you go through the practical application:

He meets our needs in complete sufficiency, lacking no good thing. Don't let what He died to provide be stolen by the tactics and lies the enemy has spoken into your heart.

*The thief comes only in order to steal and kill and destroy. I came that they may have and enjoy life, and have it in abundance (to the full, till it overflows.) ~ John 10:10 Amp.*

### **Practical Application:**

- ◆ Make a list of all the things you are holding onto which need to be released.
- ◆ Put each item on a small piece of paper and then crumple the paper up into a ball.
- ◆ With open hands before the Lord, give Him all your burdens asking him to remove the weight from upon you.
- ◆ Find a scripture promise in His Word to encourage and strengthen you. ( use a concordance to help you search if you can't find one .)
- ◆ Throw the **EVERY** piece of paper away! ( IMPORTANT!!)
- ◆ THEN PRAISE THE LORD AND THANK HIM FOR HIS PROVISION AND MERCY!
- ◆ Then go do something fun!
